

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of every global trade. Transporting industrial goods takes place every day on our industrious world. Primarily innovated as industrial vehicles during the 1930s in the United States, lift trucks gained recognition following WWII in the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machines spread internationally.

In the year 1949, established by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Currently the business is simply called TCM Corporation. Through the years, TCM forklifts have become a worldwide leader in forklift manufacturing and have built a solid reputation with the business. TCM began constructing forklift manufacturing locations outside of Japan during the 1980s and is now engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

With more than 50 years of accumulated expertise and technology, TCM has been proudly making several models of industrial trucks, making their models recognizable all around the globe. With an energetic and strong employees, TCM has been able to continually work towards becoming a future leading material handling business.
