Advance-Nilfisk Parts - Imagine how tiresome it will really be to clean up your home after throwing a large party, without help from cleaning machines. In the past, when carpets and upholstery had the dust beat out of them by hand; cleaning cloths, brushes and brooms were the best cleaning materials of that time.

P.A. Fisker, the founder of Nilfisk-Advance, was actually an electrical engineer who really loved working with electrical motors. Starting the business in the year 1906, he started to produce motors so as to drive drills, fans, machine tools and coffee grinders. Mr. Fisker's dream from the beginning was to own a global company selling merchandise internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning business. Mr. Fisker invented a incredible, ground breaking vacuum cleaner which could be operated by one individual in view of the fact that it only weighed 17.5 kilos! This invention came in a time where numerous cleaning machines were massive and required at least 4 operators, therefore, the Nilfisk C1 transformed everything and developed the method we clean forever. The brain behind these first cleaning machines remains unparalleled. Cleaning equipment offer a brilliant solution to an ongoing problem; stuff get filthy and should be cleaned frequently, without too much effort.

Gradually, the company Nilfisk-Advance expanded through the years. During the early 1980's the company developed more rapidly when the company became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance ahead within the industry, trying to be an active international player in making professional cleaning machines. Nilfisk-Advance is now represented in all parts of the world due to gradually acquiring many small businesses to be able to grow their product portfolio and presence in new markets. They are really proud to provide a variety of cleaning solutions to suit every need.
